HARDWARES** in India.

OUR FASTENER BRANDS

DIRECTOR MESSAGE

As a comprehensive manufacturer of fasteners, Mohandeeep Group has been supplying a wide variety of products to our customers in various sectors like Auto, Motor, Engine, Cycle, other mechanical & Construction Allied Industries. Since early in our company history, we have established a unified all-in-one in-house production facility where we perform everything from raw material to finished goods. As such, we have been able to speedily provide products that meet the expectations and requests of the customer by the company working as a whole. However, I believe the most important asset that Mohandeeep Group has, is the relationship of trust that we have established for over more than 52 years with our customers. Our manufacturing skills and strict process control for producing quality fasteners makes us more prominent manufacturer.

In order to succeed, your desire for success should be greater than your fear of failure

MOHANDEEP GROUP OF COMPANIES

Company Brief

Mohandeeep Industrial Corp. was Founded by S. Darshan Singh Masoun in the year of 1970 with a mission of providing high quality Fastener Products serving in various sectors like Auto, Motor, Engine, Cycle, other mechanical & Construction Allied Industries. We are dedicated to deliver high quality products and services, which satisfy the needs and requirements of customers by Continually improving our Quality Management System. All raw material & products are thoroughly inspected for their conformity to the standard requirements with all computer facilities. All tests are done as required to ensure the different stages of work in process after satisfying the requirement of relevant standards.

Based in Ludhiana, India, Mohandeeep Group is an established industrial fastener plant that manufactures, supplies, and exports high-quality industrial fasteners. We started our industrial fastener production journey 53+ years ago. As industry leaders in manufacturing industrial fasteners, we have the experience needed to create high-quality products in India and across the globe.

Quality Policy

We are a quality conscious company, innovating new production techniques to continually enhance efficiency to offer quality products. Our aim is to deliver an unparalleled level of quality with one thing in mind - your complete satisfaction. We use state of the art machinery and testing equipment to engineer quality products that meet or exceed specification and work with a quality system that ensures that every product shipped is defect free. Each and every product is tested and attached with proper documents before delivering them to our clients.
